OWNERS, OFFICERS, AND
COMMUNICATION

SECTION

OFFICERS

ROLE	NAME	LOCATION	CONTACT
COMMISSIONER	John M	Charlotte, NC	(386) 299-1087
CO-COMMISSIONER	Danny B	Tallahassee, FL	(850) 768-0299

The Co-Commissioner handles all league funds. The Commissioner handles rulings, settings, and disputes, subject to Article XIV.

SECTION

OWNERS

	Danny B	Tallahassee, FL	(850) 768-0299	CO-COMMISSIONER

	Rob S	DeLand, FL	(904) 993-9893	
	Vishan W	Stuttgart, Germany	+49 151 52511020	RULES OFFICER

SECTION

COMMITTEE

The committee is John M, Danny B, Danny T, and Vishan W. It is advisory. It drafts proposals for the league to consider and holds no independent voting power, no tiebreaking authority, no veto, and no standing to decide disputes. Every vote goes to all eight owners under Article XV.

SECTION

RULES OFFICERS

Danny T and Vishan W are the intake point for rule proposals and discrepancy reports under Article XVI. Their authority is procedural. They receive submissions, verify facts, draft proposals into votable language, and route matters. They do not decide outcomes.

This role exists because the Commissioner is also an owner. A report about the Commissioner's team reaches someone other than the Commissioner first.

SECTION

OFFICIAL CHANNEL

The Hutt Hutt group chat on iMessage is the official channel of record. All rule discussions, votes, collusion reports, keeper declarations, and time sensitive requests must be posted there. Requests made anywhere else, including the Sleeper league chat, are not binding and will not be honored retroactively.

- Every owner must remain in the group chat for the full season. Leaving does not excuse a missed deadline.
- The Commissioner posts every ruling, settings change, and vote result to the Sleeper league chat as well.
- The Commissioner records all binding decisions in the Amendment Log. iMessage is not searchable enough to serve as the league's archive.

SECTION

DEADLINES AND TIME ZONES

Every deadline in this constitution is stated and measured in Eastern Time. No deadline is adjusted for local time. Vishan W is six hours ahead of Eastern.

DEADLINE	EASTERN	STUTTGART
Draft, Monday September 7	5:00 PM	11:00 PM
Waiver processing, daily	3:00 AM	9:00 AM
Keeper declaration	11:59 PM	5:59 AM next day
Sunday early games	1:00 PM	7:00 PM
Sunday Night Football	8:20 PM	2:20 AM Mon
Monday Night Football	8:15 PM	2:15 AM Tue

The offset drops to five hours from October 25 through November 1, 2026, when Europe returns to standard time before the United States does.

ARTICLE II

ENTRY FEE

\$100 per team. \$800 pot. The full pot goes to prizes.

- Fees go to the Co-Commissioner via Venmo: @DannyBernabe. Send as a personal payment, not goods and services.
- Fees are due on draft day.
- There is no penalty for paying late. An owner who has not paid by draft day pays as soon as they are able and drafts normally.

ARTICLE III

PAYOUTS

Payouts are percentages of the collected pot. If the pot is short, the percentages govern.

FINISH	PERCENTAGE	PAYOUT AT \$800
Champion	62.50%	\$500
Runner up	25.00%	\$200
3rd Place	12.50%	\$100

Third place is the winner of the Week 17 consolation game between the two semifinal losers.

The champion receives the digital trophy and a permanent champion badge. Badges are also awarded for regular season title, highest single week score, and last place. Badges are cosmetic.

ARTICLE IV

NON-PAYMENT

Late payment carries no penalty. An owner who has not paid by the end of the season forfeits any prize money owed, is banned for one year, and their roster spot is filled.

ARTICLE V

ROSTER AND LINEUP

SLOT	COUNT
QB	1
RB	2
WR	3
TE	1
FLEX (RB/WR/TE)	2
SUPERFLEX (QB/RB/WR/TE)	1
K	1
D/ST	1
Bench	6
IR	2

12 starters, 18 active roster spots, 20 total including IR. The draft is 18 rounds, one per active roster spot. IR slots are not drafted.

The SUPERFLEX slot permits a second QB. It does not require one.

Lineups lock at each player's individual kickoff time.

Injured Reserve: IR and PUP designations only. Out and Doubtful do not qualify. A player on IR cannot move directly into a starting slot. He must be activated first, and the roster must be legal at that moment.

ARTICLE VI

There is no yards allowed component.

Scoring is frozen once the draft begins and cannot be changed for the remainder of the season by any vote, including a unanimous one. Changes are adopted in the offseason under Article XV.

ARTICLE VII

WAIVERS AND FREE AGENCY

- FAAB blind bidding. Highest bid wins. \$100 per team per season, no rollover. No bonus FAAB in Year 1.
- \$0 bids are legal.
- FAAB is tradeable.
- Rolling waivers, processed daily at 3:00 AM ET. Every dropped player clears waivers exactly 2 days after the drop. Wednesday 3:00 AM is the busiest run of the week, not a special one.
- Nothing becomes a first come, first served free agent during the season. Every acquisition goes through FAAB. A waiver pickup is a keepable asset under Article IX and should be won with FAAB, not with notification speed.
- Bid ties break by reverse standings. The worse record wins the tie.

- Before standings exist (Weeks 1 and 2), ties break by reverse draft order. The team that picked last wins.
- If tied bidders have identical records, fewer total points scored wins.

ARTICLE VIII

DRAFT

- Monday, September 7, 5:00 PM ET. Snake, 18 rounds.
- Pick clock: 90 seconds. A team that exhausts the clock has that pick autodrafted. Teams absent from the draft are set to autopick for the entire draft.
- Inaugural draft order is randomized by Sleeper and posted in the group chat immediately after randomization.
- There are no keepers in Year 1. Article IX takes effect for the 2027 draft.

ARTICLE IX

KEEPERS

SECTION

COST LADDER

- Each team may keep up to 3 players.
- Players drafted in Rounds 1 and 2 cannot be kept.
- Round 3 is the earliest keepable pick. He costs a Round 2 pick.
- Keeping a player costs the pick one round earlier than where he was drafted.
- Cost escalates one round per year kept. Round 10, then Round 9, then Round 8.
- A player becomes ineligible once his cost would reach Round 1, and returns to the draft pool.
- Undrafted and waiver pickups cost a Round 18 pick, the last round, and escalate from there.

Worked example: a player taken in Round 10 of the 2026 draft costs a Round 9 pick to keep in 2027, a Round 8 pick in 2028, and so on. A player taken in Round 3 costs a Round 2 pick to keep for one season, then becomes ineligible.

SECTION

SAME COST CONFLICTS

If two keepers would cost the same round, that pick cannot be spent twice. The owner assigns one to that round and moves the other to the next earliest available round. The owner chooses which is which.

SECTION

TRADED PLAYERS AND PICKS

- Keeper cost travels with the player based on where he was originally drafted, not who acquired him. A Round 12 player traded in Week 5 costs the acquiring team a Round 11 pick.
- An owner who has traded away the pick a keeper would cost cannot keep that player.

SECTION

DECLARATION

- Declarations are due one week before the draft, 11:59 PM ET, posted in the group chat.
- Declarations are final once submitted. No changes after the deadline and no changes after seeing what other teams kept.
- The Commissioner publishes the full league keeper list immediately after the deadline.
- Undeclared players return to the draft pool.

ARTICLE X

DRAFT ORDER (2027 AND BEYOND)

The four teams that miss the playoffs play a consequence bracket in Weeks 16 and 17.

FINISH	NEXT YEAR'S PICK
Consequence bracket 1st	1st
Consequence bracket 2nd	2nd
Consequence bracket 3rd	3rd
Consequence bracket 4th	4th
Championship 4th (consolation loser)	5th
Championship 3rd (consolation winner)	6th
Runner up	7th
Champion	8th

Winning the consequence bracket earns the first overall pick. This matters in a keeper league, where tanking for draft position is otherwise rational.

Any new team takes the last draft position, with existing positions shifting up.

ARTICLE XI

TRADES

- Trades run from the end of the draft through Week 12.
- Players who have already played in a given week cannot be traded until the following week.
- Tradeable: players, FAAB, and future draft picks. Future picks may be traded one year out only.
- There are no league vetoes. Owners may not vote down a trade because they dislike it, because it is lopsided, or because it helps a rival. Lopsided trades are part of the game.
- The only grounds for reversing a trade is proven collusion under Article XIII. The Commissioner rules, subject to Article XIV. Claims go to the Commissioner privately with evidence before the trade processes. The ruling is posted publicly with reasoning.
- Once accepted, a trade cannot be withdrawn by one party for injury, suspension, or any other development. A trade is canceled only if both parties withdraw before it processes.

ARTICLE XII

SCHEDULE AND PLAYOFFS

SECTION

REGULAR SEASON

Weeks 1 through 15. Each team plays all 7 opponents twice, filling Weeks 1 through 14.

Week 15 is Rivalry Week. The eight teams are paired into four fixed rivalries, and each team plays its rival once more in Week 15.

RIVALRY	TEAMS
01	Alan H vs Reggi B
02	J. Cody H vs John M
03	Rob S vs Danny B
04	Vishan W vs Danny T

Rivalry Week exists so every team plays exactly one extra game. Letting the platform fill the 15th week instead would give some teams a third matchup against one opponent, unevenly distributing difficulty in a week that decides playoff seeding.

SECTION

PLAYOFFS

- Top 4 teams by record.
- Semifinals, Week 16: 1 vs 4, 2 vs 3.
- Championship and third place consolation, Week 17.
- Consequence bracket: seeds 5 through 8, Weeks 16 and 17.
- Week 18 is not used.

SECTION

SEEDING TIEBREAKERS

- 01 Total points scored
- 02 Total points against, lower is better
- 03 Coin flip conducted publicly in the group chat by the Commissioner

Head to head is not used. Tied teams have usually split their two meetings.

ARTICLE XIII

OWNER CONDUCT

SECTION

ACTIVE MANAGEMENT

Every owner must field a complete, legal starting lineup every week of the regular season and playoffs.

An owner is inactive if, in two or more weeks in a season, they start a player on bye, start a player ruled out before kickoff, or leave a lineup slot empty. An empty slot is excused if the owner had no eligible healthy player at that position on their roster.

- 01 First offense: public warning in the group chat.
- 02 Second offense: the Commissioner may set that team's optimal lineup going forward.
- 03 Third offense: the owner forfeits their entry fee and is not invited back.

SECTION

COLLUSION

With no trade vetoes, collusion is the only check on trade abuse and is defined narrowly and enforced strictly. The following are grounds for removal and forfeiture of entry fee:

- Any side agreement, cash or otherwise, tied to a trade.
- Any trade intended to transfer value without fair return, including dump trades to a contender.
- Deliberately starting a weakened lineup to affect another team's playoff position or a bracket outcome.
- Dropping players so a specific other team can claim them.
- Coordinated FAAB transfers used to hand one team a bidding advantage.
- Sharing a Sleeper account or managing two teams.

A lopsided trade is not by itself collusion. Evidence of intent or coordination is required.

Reports go to the Commissioner privately with evidence. If the Commissioner finds a report credible, removal goes to a league vote under Article XV.

ARTICLE XIV

COMMISSIONER AUTHORITY AND CONFLICTS

The Commissioner is also an owner and holds sole authority over trade rulings. That requires an explicit check.

- The Commissioner may make routine settings and scoring corrections unilaterally, and must post every one in the group chat.
- For any ruling that materially affects the Commissioner's own team, the Commissioner recuses and the Co-Commissioner rules. This covers collusion claims involving his team, any trade he is party to, keeper eligibility disputes involving his roster, and seeding disputes affecting his team.
- The Commissioner may not change league settings after Week 1 without a vote, except to correct an error that contradicts this constitution.

ARTICLE XV

AMENDMENTS

When a dispute arises that this constitution does not address:

- 01 The matter is submitted to the Rules Officers under Article XVI.
- 02 Discussion runs in the group chat for a stated period, normally 3 days. If a game is imminent, the Commissioner may shorten it.
- 03 The Commissioner polls all eight owners.
- 04 The result applies immediately and is appended to the Amendment Log with the adoption date.

CHANGE TYPE	THRESHOLD
Unaddressed dispute, mid-season	Simple majority, 5 of 8
Entry fee, payouts, or playoff format	Supermajority, 6 of 8, offseason only
Scoring or roster settings	Supermajority, 6 of 8, offseason only
Keeper rules	Supermajority, 6 of 8, offseason only, before declarations are due
Removing an owner	Supermajority, 6 of 8, Commissioner recused if involved

Ties are broken by the Commissioner, unless his own team is affected, in which case the Co-Commissioner breaks the tie.

ARTICLE XVI

PROPOSALS AND DISCREPANCY REPORTS

SECTION

WHERE TO SUBMIT

All rule proposals and discrepancy reports go to the Rules Officers, Danny T and Vishan W. Submit in the group chat, or privately to either officer if the matter involves another owner's conduct.

Submissions sent to the Commissioner are forwarded to the Rules Officers. The exception is a collusion report, which goes to the Commissioner under Article XIII, and to the Rules Officers instead when the Commissioner's own team is party to the trade.

SECTION

WHAT TO INCLUDE

TYPE	INCLUDE
Rule proposal	The rule as it stands, the change wanted, and why
Scoring or settings discrepancy	Week, player or matchup, what Sleeper showed, what this constitution says
Standings or seeding challenge	The specific tiebreaker or result in dispute
Roster or transaction dispute	Timestamps and screenshots

A discrepancy report about a specific week must be submitted within 7 days of that week's final scoring. After that the result stands.

SECTION

PROCESS

- 01 Acknowledge. A Rules Officer confirms receipt in the group chat within 48 hours.
- 02 Verify. The officers check the claim against this constitution and the Sleeper record. Most discrepancies are settings errors and resolve here without a vote.
- 03 Route.
 - A settings error contradicting this constitution goes to the Commissioner to correct under Article XIV.
 - A matter this constitution does not address is drafted into votable language and goes to a league vote under Article XV.
 - A matter already addressed is closed with the relevant article cited publicly.
- 04 Record. Every submission and outcome is logged below, including those closed without a vote.

SECTION

RECUSAL AND DEADLOCK

A Rules Officer recuses from any matter involving their own team, and the remaining officer handles it alone. If both are party to the matter, or if they disagree on whether a submission should go to a vote, it goes to a vote. Deadlock resolves toward the league, never toward closing the question.

SECTION

LIMITS

Rules Officers do not overturn results, reverse trades, adjust scores, or issue penalties. They route and they draft. Any submission requiring those outcomes goes to the Commissioner or to a league vote.
